

Murder Mystery

Saturday November 4 - "Forever Friends" Murder Mystery Night

It's 1983, and your 10 year college reunion is planned for the weekend of November 3–5, at the "Old Lodge", where you spent a lot of your free time off campus, hanging out with your friends - The Narc, Big Bill, Kings of Spades, Bobby, Foxy, Patti, Stormy, Rebel & the Whiz Kid. Friends that you thought would be in your life forever. What will the weekend bring?

With so many good times and fond memories to reminisce about; will it be like old times? Will they all be the same? Will they be as excited to see you as you are to see them?

November 4, 2017 at the Old Lodge:

While you and your friends are enjoying margaritas around the fireplace, you notice that Bobby Whitmore is missing. Suddenly, there is a scream from downstairs... Bobby has been found dead!

Join Darcee, Angela, and your college friends as they try to solve Bobby's untimely murder at the Old Lodge. Are we safe or is there a killer among us?
