

Dancing to March Hare

Friday February 23 - Dancing to March Hare

Join Inside Edgers at Club 240 to dance and listen to March Hare's Motown/60s show.

March Hare is known throughout the lower mainland as one of the best performing bands around. As a group, they create an entire musical experience not to be missed.

From female lead singer Georgia Sinton, whose extensive musical background in music, dance and theatre brings real energy to the stage, to the band's front man Dan Hare who is known for his great guitar work and vocals.

Round out the band with the dynamic keyboard stylings and background vocals of Andy Smyth and the solid drum work and vocals of Ian Paxton and you will see why this event will blow your dancing shoes off! Drinks are cheap too!
